OF LOCAL
INTEREST

A NEW PAPER.—The Wickenburg Miner is the name of a new weekly newspaper published by the Wickenburg Miner Publishing company. It is to be developed mainly to the mineral development of the Wickenburg district and surrounding sections, incidentally giving attention to local affairs of a news nature.

A DAYLIGHT HOLDUP.—The Blue Review tells the story of a man named Jason Gregg, being held up by a Mexican between that city and Naco, in broad daylight. Rather it was an attempted holdup. The Mexican sprang upon his victim from the roadside, with a dagger in his hand. Gregg managed to break away from him and run to Don Luis, where he told his story. Two other men immediately took the back trail on horseback and captured the bad man.

KILLED IN MEXICO.—Miles Gibbons, a miner well known in Arizona, and particularly in the southern part, together with his partner, Robert Elwyn, were killed by a blast in a mine at Cananea, a few days ago. The friends of Mr. Gibbons sent Captain Hannan to Cananea after the body with instructions to bring it back to Bisbee for burial which was done. Just how it was done has not been made public and probably never will be, for it was a strategic move of some kind. The Mexican laws prohibit the removal of a dead body from the republic for some years after death has occurred. But in this instance prohibition did not prohibit.

NEW CORPORATIONS.—Articles of the following corporations were filed in the office of the county recorder yesterday: The Sterling Oil & Gas company, capital stock, \$100,000, incorporators E. R. Moore, A. Durfee and R. A. Ramsey. The Tecumseh Oil & Gas company, capital stock, \$400,000, incorporators N. Justice, L. E. Hannagan and P. Meyer. Panama Oil company, capital stock, \$1,000,000, incorporators F. C. Florey, L. E. Roberts and J. E. Ross. The White City Oil company, capital stock, \$500,000, incorporators D. Divine and B. F. Hedges. Rock Creek Oil & Mining company, capital stock, \$100,000, incorporators J. T. Dalton, C. K. Fisher and C. D. Reynolds. Phoenix Independent Telephone company, capital stock, \$100,000, incorporators J. H. Kibbey, A. J. Edwards and H. M. Joy. Amended articles of the United States Oil company were filed, fixing the capital stock at \$3,000,000.

IT RAINED.—It will be a surprise to most people to know that it rained here yesterday, but several reputable citizens are authority for the statement, although there wasn't enough of it to even be recorded as a trace at the weather bureau office. It will also be a surprise to some people to know that even that little bit of rain made one man mad and it only demonstrates that there never is a time when everybody welcomes rain. This man is a merchant and he has a particularly delicate line of goods he wanted to give a little airing. Yesterday morning he placed them out in the back yard and had hardly done so before it began to sprinkle. Before he could move them in again the rain stopped. This dry season is probably due to a lack of co-operation. Everybody is praying for rain, but some want it on Monday, some on Tuesday, etc. If the people would get together, as they did on the Tonto road proposition, set aside a date for rain and pray up to it, there might be something doing.

A WALKOUT.—This is not a story about labor troubles, although the trouble is occasioning some labor. It is just an interesting incident in the life of Frank Cavallera's high water horse. As mentioned in these columns sometime ago when Mr. Cavallera first bought the horse, his (the horse's) legs are longer than they really ought to be, or at least longer than they really need to be, and the owner has to use a step ladder or a scaffold in order to get into the saddle. The horse is taller even than Harry Friedman's Buffalo Bill mount, and that is saying a great deal, for Mr. Friedman's horse is taller than Colonel McIntock's horse, which is no Shetland pony. Mr. Cavallera brought his horse in from the pasture Monday and took him to Bert Rihard's stable. Mr. Rihard has a corral that was built purposely to restrain high lived and acrobatic bronchos and it reaches pretty well up into the rarified atmosphere. Mr. Rihard turned the Cavallera horse into the corral. While the horse was walking around for exercise he inadvertently stepped over the fence and hasn't been seen since.

BARN AND CONTENTS BURNED

A \$7,000 Loss on the Ranch of Col. T. T. Hedger.

One of the most disastrous ranch fires that ever occurred in this valley took place yesterday at the ranch owned by Colonel T. T. Hedger, about fourteen miles west of Phoenix on the Yuma road, and better known, perhaps, as the John Daniels place. The fire destroyed the barn and its valuable contents, the aggregate loss being estimated at between \$6,000 and \$7,000. The barn alone was insured, and that only for \$1,000, though it was one of the best, if not the very finest barn in the valley. A horse belonging to Mrs. C. V. Shawyer and a buggy belonging to Walter Lund, of Glendale, were also burned. The farmhouse was situated only thirty or forty yards from the barn and the course of the fire it caught two or three times, but the flames were extinguished before much damage was done. There is no knowledge of how the fire started.

Yesterday morning Mrs. Walter Lund drove from her home in Glendale to the ranch of Mrs. C. V. Shawyer, where her horse was exchanged for one of Mrs. Shawyer's, and the two women continued their ride to the Hedger place, where they spent the day visiting, putting their horse and buggy in the barn. The barn was a large building, being about 40x70, with a wing on each side. It was stored about eighty tons of hay, the wagons and buggies belonging to the ranch and most of the farm machinery used on the ranch. C. C. Hedger, a son of Colonel Hedger, arrived recently from Kentucky with a carload of household furniture and goods, including a large amount of win-

ter wearing apparel. These goods were all stored temporarily in the barn.

When Mrs. Lund and Mrs. Shawyer had finished their visit they started for the barn to get their horse and buggy and were horrified to see the smoke and flames issuing from it. There were few people on the ranch and but small facilities for fighting fire, though it is likely that a fire company could have done little to save the structure after the fire was discovered, and it was then too late to rescue the horse and buggy belonging to the visitors, or another horse belonging to Colonel Hedger. The destruction of the fine barn and its valuable contents was therefore complete. It took the combined efforts of these on the farm to keep the house from burning.

Colonel Hedger came here from Kentucky a year ago or more, but only a few months ago bought the Danis ranch, which is considered one of the best farms in the country.

THE ROYAL BLUE

An Extraordinary Collection of Poetry
and Philosophy.

The greatest bunch of humor turned out in this country this year is contained in the Baltimore & Ohio's "The Book of the Royal Blue" for May, otherwise called the American Press Humorists' World's Fair Number. It contains contributions from forty-two of the leading press humorists of the country, such as S. R. Kiser, Will J. Lampton, Roy L. McCardell, Victor Smith, Strickland W. Gilliam, all poets, and philosophers. Among them is William F. Kirk, the Norsk Nightingale of the Milwaukee Sentinel, who sings for this special number:
You night when ay ban having yolly yag.
Ay meet big Irish faller in saloon;
Of course, ve get acquainted purty sune
And spend bout sixty minutes chewing rag.
Ay tal him den (you see ay lak to brag
Bout being poet faller) "Val, next Yune

Ay s'pose he tenk ay ban an A. P. A.
Every contribution is illustrated by the leading cartoonists such as John T. McCutcheon and C. K. Berryman, thirty-eight in all. It is likely that such a composite collection of cartoons was never before brought together.

A SCHEME EXPOSED.

A scheme on the part of certain members of the Phoenix fire department has been discovered and is being exposed as fast as the facts can be gathered. The purpose of the conspiracy is to make the annual picnic at the Buttes east of Florence, on June 12, the biggest success ever, and the indications are that the plans will be successfully carried out. It will only cost \$1 for the round trip and participation in everything, and the firemen suggest that it is the duty of all who can, to attend and see that they get their money's worth.

DISTINGUISHED CLERGYMAN

AND PROMINENT TEMPERANCE WORKERS USE AND ENDORSE DUFFY'S PURE MALT WHISKEY.

REV. A. McLEOD, D. D., THE GREAT PREACHER, WAS CURED OF DYSPEPSIA AND NERVOUS PROSTRATION OF FORTY YEARS' STANDING BY THE WONDERFUL MEDICINE WHOSE VIRTUES HE EXTOLDS, AND TO THE CURATIVE QUALITIES OF WHICH HE OWES HIS RENEWED VIGOR AND PERFECT HEALTH.

ENDORSED

HONORED AND RESPECTED AMONG MEN AFTER MORE THAN 50 YEARS OF CONSTANT SERVICE IN THE PRESBYTERIAN CHURCH, DR. McLEOD MAKES THE FOLLOWING FRANK AND OUTSPOKEN STATEMENT OF DUFFY'S PURE MALT WHISKEY.

"I am now in my 73d year and have served God fearlessly and to the best of my ability in my chosen calling. For more than forty years I have been afflicted with dyspepsia and nervous prostration. At times I would get so run down constitutionally through overwork as to be disqualified entirely from discharging my ministerial duties. The older I grew the more the disease seemed to prey upon me. The most noted physicians failed to prescribe any medicines that benefited me. I could neither eat nor sleep, and for more than two years I had to take sleeping powders every night.
My nervous prostration became well nigh unbearable. But for the grace of God helping me, I would not be in the land of the living. Language fails to express the agony of my mind.
Something over a month ago I began taking your preparation,
Duffy's Pure Malt Whiskey
In the brief period of two days I found that it began to help me. It gave me strength, aided my digestion, settled my nerves and I have gained ten pounds since taking it.
I thank God there is such a medicine to be had, and recommend all people with weak, broken-down constitutions, and nervous people especially to use it. I feel that it will help them. I will be glad to answer any communications in regard to the healing virtue of your preparation. I am a temperance man, and I do not think my position in this matter will be misunderstood."

(REV.) A. McLEOD, D. D., Greenleaf, Mich., Jan. 22, 1904.
Rev. Dr. McLeod's endorsement is but the outpouring of a grateful soul. The letter of a man who has been relieved of great suffering and who openly acknowledges the great medicinal value of Duffy's Pure Malt Whiskey. Ministers of the gospel, doctors of medicine, nurses and people in every walk of life unite in commending this wonderful medicine—the only perfect tonic-stimulant, the one true, medicinal whiskey. Duffy's Pure Malt Whiskey cures coughs, colds, worst form of grip, consumption, bronchitis, pneumonia, catarrh, dyspepsia, and all kinds of stomach trouble. It never fails to build up a worn-out system, to soothe the tired nerves, to bring perfect health to the whole being. Every testimonial is published in good faith and guaranteed.
